A note from Linda Bowden, Archivist

As we all know by now, our congregation has decided to disband and, as part of this process, we have to deal with material in the archives.

A portion of our records will be transferred to the region's archives on Elizabeth Avenue. Large photographs, artifacts, and published material will not be transferred.

So, have you or your family donated items to the church which may be stored in our archives or in use in the church? If so, and you would like these items returned to you, I would be happy to check the archives inventory to confirm that we do indeed have those items. I can then make arrangements for you to have your family donations back.

I have already had contact from several families and have returned, or in the process of returning, family items to them.

If you would like further information, here is my email address:

lindadbowden@netscape.net.

Looking forward to hearing from you.
